The Logical Choice For A Bench Seat Top

### DURABILITY

The rock-hard edge grained laminates of Wood Welded® Maple assure durability and the greatest construction strength. Over 120 years of experience in the fabrication of these materials guarantees the highest degree of craftsmanship.

### MATERIAL

Great care in the selection of materials and craftsmanship have gone into the manufacturing of this top. The top's rich appearance, distinctive grains, character marks, and color variations are the purest expressions in nature. Just as no two trees are alike, no piece of wood in the fabrication of this quality top looks exactly like another. No man-made material can duplicate hardwoods variety, natural integrity and authenticity. As with any natural wood product, it is not unusual for some areas to appear darker in color than others. These are naturally occurring characteristics.

### FINISH AND CARE

The Butcher Block locker bench is coated with DURAKRYL 102, which does not require any maintenance. The finish is formulated to repel most solvents. Stains can be cleaned off with finger nail polish remover or bleach, neither of these two substances can hurt the finish. Although the finish is durable, it will scratch.

### EDGE STYLE

3/8" Radius

Special sizes available

	LENGTH (Inches)								
WIDTH 9 1/2"	24	30	36	42	48	60	72	84	96
	108	120	132	144	156	168	180
